### Memorial Plaque Given To Lasseter

The Bibb Teachers' Federal Credit Union, whose president is Mr. B. C. Adams, principal of McEvoy Junior High School, presented a memorial plaque to Lasseter with the following inscription:

HORACE S. LASSETER

July 7, 1896 — January 23, 1963

Questing ever for knowledge, he taught as a scholar and master. Fixed as the stars in goodness, he administered wisely and justly. Imbued with quiet compassion, he led with a gentle firmness.

Father to more than a family,

Leader of more than a school.

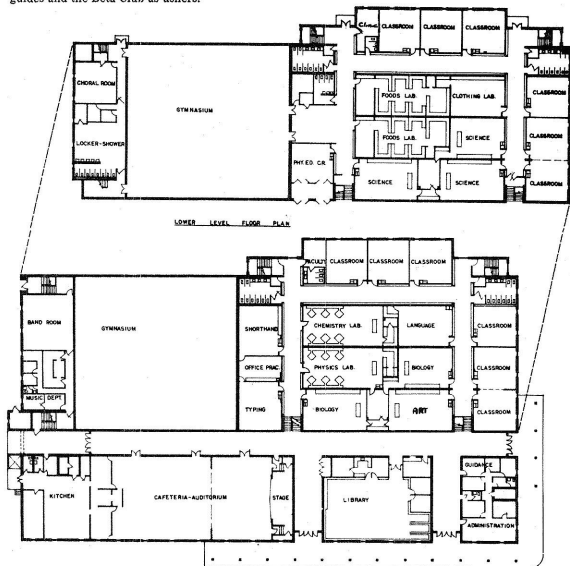

Teacher, Administrator, Founder.

The founders of the Bibb Credit Union were the late H. S. Lasseter and the late A. J. Swann. It was organized to establish a fund from which teachers might borrow money. In this establishment there was no thought of profit, but of mutual assistance on a business basis. Mr. Swann was elected president; Mr. Lasseter, treasurer. Mr. Lasseter also served as chairman of the Credit Committee.

### GIFTS HONOR H. S. LASSETER

The class of 1928, which dedicated its Miller High School annual to Mr. Lasseter, is presenting a credenza to H. S. Lasseter High School at the dedication ceremony. A class reunion was held in the Lasseter library at 2:00 p. m. before the ceremony. Miss Dorothy Simmons, Miss Jean Neighbors, Miss Ruth Brannen, and Miss Mary Ella Clements compose the committee which was in charge of getting donations from the class members and purchasing the gift. The credenza, a sideboard without legs, will be placed under the portrait of Mr. Lasseter given by Miller High School and will rest some where along the wall opposite the bookstore.

Mrs. Lasseter has given a painting entitled "Les Branches Mortes". The definite location where this will be placed has not yet been decided, but it will hang either in the hall or in the library.

## Miss Henry Speaks

### Thoughts On Our Dedication

Miss Ann Henry

As I come to the week, the hour, and the day of the dedication of Lasseter, my thoughts turn to those who have worked and planned so that this time and the future it represents may be possible. We recall with gratitude these who have dreamed and labored for this time. This too is the day on which we think of the purpose of their dreams and labors and give public expression to it. This purpose has been fittingly expressed in the words of a well-known hymn by J. Addington Symonds.

"These things shall be: a loftier race than e'er the world hath known shall rise with flame of freedom in their souls and light of knowledge in their eyes. They shall be gentle, brave, and strong, to spill no drop of blood, but dare all that may plant man's lordship firm on earth, and fire, and sea, and air. Nation with nation, land with land, in armed shall live as comrades free; in every heart and brain shall throb the pulse of one fraternity. New arts shall bloom of loftier mold, and mightier music thrill the skies, and every life shall be a song, when all the earth is paradise. Amen."

Ann Henry

## What Lasseter Means To Us

The dedication of H. S. Lasseter High is an appropriate occasion to look back over its first few months of existence and analyze just what Lasseter means to the girls who go to school here. The tremendous success of Spirit Week in March demonstrates the pep and school spirit of Lasseter students. But exactly what is it that makes us love our school?

Certainly it is a pleasant building in which to work. Perhaps it is the bright, cheerfully colored halls and the air conditioning system which endears Lasseter to its students. And there is the added sparkle of brand new equipment and excellent facilities: the math, language, and home economics labs; the well-organized lunchroom; and the spacious library. To this overall atmosphere of clean, invigorating newness is added an outstanding faculty and principal and many interesting student activities.

But it takes more than an attractive building, new equipment, and a good facility to make a school. There must be an atmosphere which promotes interest in learning but at the same time lets students feel as though they can have fun while doing so. Lasseter has just such an atmosphere.

From a student's viewpoint the most important qualities which Lasseter possesses are its friendly atmosphere, freedom of expression, and close student-teacher relationship. We are kept well-informed about all events taking place at Lasseter; no secrets are hidden from us. We are free to air our opinions openly, assured that all just complaints will be dealt with fairly and immediately. Because of the close student-teacher relationship, we can receive individual help and talk freely with our teachers. Lasseter girls are regarded as individuals, each with her own particular problems, instead of impersonal numbers or statistics. It is our principal, Miss Ann Henry, who has made this personal touch possible. The crux of the matter is that we like Lasseter because it likes us!

V. M.

## Congratulations, Lasseter High

I would like to take the opportunity on this occasion of the formal dedication of H. S. Lasseter High School to congratulate the Lasseter patrons, faculty, students, parents, and staff — with respect to the outstanding progress which they have made in such a short period of time.

This is reflected in the over-all administration of the school, the organization of clubs and activities, and the close bonds of support and cooperation given to their friends and neighbors at Mark Smith High School.

The pride of students in their new school has been evidenced in many ways and has even grown contagious — as manifested by the interest that the parents of our students have shown in the formation of a parents' club, the beautification of grounds, and the presentation of many gifts which have added much to the effectiveness and the capabilities of the school.

The wonderful spirit, purposeful efforts, and various accomplishments at Lasseter High School have already made this fine new educational facility one that Bibb County has accepted with admiration and respect. I have every confidence that this record will continue, and will be enlarged upon, as the school grows and asserts its influence over the years.

We predict an outstanding record of service and accomplishment for the young ladies of Lasseter High as the future unfolds its history of school attainments and individual achievements.

With best wishes, I remain,

Sincerely,

*Julius Gholson*

### Journalism for You

So you think you want a career in journalism?

Well, you had better start your physical fitness program right away. For it takes good legs to be a good reporter; at first, anyway, you are likely to be sent to the hospital, the courthouse, the city hall — all sorts of places where you'll find Shank's Mare the best means of transportation.

After you've been with the newspaper for quite a while, you may get a desk job. But leg work is still likely to be an important part of your life with a newspaper.

When you speak of journalism, you mean only the newspaper to me. I know that courses in journalism at college include radio and television training. The way I feel about those jobs is this: the TV nor the radio will ever take the place of the newspaper. Can you wrap up fish in a radio? Can you line the garbage pail with a TV? (Some TV programs may be long in the garbage pail, I admit.)

If you are to be a successful newspaper woman, you need to know English, and the more carefully you attend to your study of English grammar in your school days, the easier reporting will be.

Read and read and read some more. That's about the best advice I can give the aspiring journalist. Read books written by masters of the language — Shakespeare and Dryden of course, and the best of the American writers: Wolfe; Dreiser; Hemingway; O'Connor; Salinger; that old master of English prose, Sir Winston Churchill; one of the Americans who approached him in word power, President Woodrow Wilson — the list is long. Read and read some more.

And keep up with the world's affairs. Read the news magazines: Time, US News and World Report, Newsweek. Read your newspapers. Not just the comics and "Dear Fannie Squeers" — read the editorial page, the columnists, the local writers. Read the news of Washington and the news of your state capital. Keep up with what the politicians are doing and what your nation's Congress is up to.

If you want to be a journalist, go ahead — it's fun. I wouldn't swap my job with anybody.

## Letters to the Editor

Dear Abby

April 7, 1966

To Whom it may concern:

I have just finished reading, from cover to cover, a copy of the Lasseter Lantern, which was put into my hands the evening I spoke in Macon, and I can hardly contain my enthusiasm.

It is, in my opinion, one of the finest little publications I have ever seen come out of a school. I know it represents a great deal of sincere effort, not to mention the talent reflected on those pages. The composition, pictures, sketches, reporting, entertainment and information so beautifully and professionally assembled makes your publication one of which you can be very proud. Congratulations to all whose efforts and talents are so much in evidence here.

Sincerely,

*Abigail Van Buren*

Abigail Van Buren

Dear Editor,

Time is rapidly passing and the end of our first year at Lasseter will soon be here. I would like to compliment everyone for the great amount of enthusiasm and spirit which has been shown this year. All projects that Student Council has asked the students to participate in have been well supported.

Many girls have given their time to plant shrubs and trees and help water them. Spirit Week was completed with a bang; Mark Smith had many supporters at their games, and the March of Dimes Drive was a big success. Girls have worked diligently to publish both a newspaper and an annual for us. Both of the campaigns have been well-planned and handled with much cooperation. This year could never have been a success without the help of everyone. Let's keep up the support and make Lasseter the greatest school ever!

Teresa Adams

President of Student Council

Dear Editor,

This is just a short note to let you know how much I am enjoying student teaching at your school. Lasseter is certainly a beautiful school with excellent facilities. The school spirit and friendliness of its students are compliments to it. Your faculty has made me feel quite "at ease" and have been a big help to me. I hope that some day I will have classes of my own like those in which I am student teaching.

Thank you all for giving me this opportunity.

Sincerely,

Joanne Brown

## CONGRESSMAN FLYNT ADDRESSES LASSETER

Congressman John J. Flynt, Jr., of Griffin, Georgia, visited Lasserter on March 7 to speak before an assembly. The program was arranged by Bibb County School Superintendent Julius L. Gholson, who also participated.

The Congressman's visit was for the purpose of presenting copies of the book, *Sir Winston Churchill—Memorial Addresses and Tributes in the Congress of the United States*, to the libraries of each Bibb County school which he has visited. Publication of the book was authorized as a result of a House Concurrent Resolution which Congressman Flynt introduced last year.

A limited edition was printed, and each Member of Congress was authorized only ten copies for his state. Through the generosity of his colleagues, however, Mr. Flynt was able to obtain enough copies to enable him to present one to each high school and college located in the Sixth District of Georgia.

The book contains the remarks by Members of the House of Representatives and Senate, which constitute tributes to the life, character, and public service of the late Sir Winston Churchill. Included in the book are the proceedings of both Houses of Congress on the legislation granting Churchill his American citizenship. Also included are the texts of Churchill's speeches to two joint sessions of Congress.

In January of this year, Congressman Flynt was in England attending an Anglo-American Conference and made several presentations there. Those receiving copies include Her Majesty, Queen Elizabeth; Prime Minister Harold Wilson; Lady Spencer Churchill; Lord Mountbatten; and the Presiding Officers of both Houses of the British Parliament.

In making his presentation to the Bibb County Schools, Congressman Flynt said, "Unquestionably,

Sir Winston Churchill was the outstanding Briton of the century. It is possible that he was the outstanding leader of the English speaking people. More than that of any single person, his courage, his faith, and his indomitable will provided the leadership which led the United States, Great Britain, and our allies to victory in World War II. In all he demonstrated resolution. In victory he was magnanimous. In peace he provided good will. Now in death he leaves behind a grateful people in England, in the United States, and throughout the world. In the minds and hearts of free men, he will be their patron saint of freedom."

## Junior Students Receive College Board Scores

The Juniors who took the March 26 College Board tests received their scores Monday, April 11th. Mrs. Patricia Warnock, guidance counselor from Miller Junior High School, discussed the scores with the girls in Mrs. James' absence.

SKITS  
DURING  
SPRING  
WEEK

## Enthusiasm Is Displayed During Lasseter Spirit Week

Singing in the halls, blue and white beanies, and the dynamite motto of the sophomore class set off Lasseter's first School Spirit Week to a roaring start. Monday was sophomore day and the girls wholeheartedly put pep and snap into their spirit.

On Tuesday, March 14, the freshman and junior classes presented skits. A few scenes in the freshmen's "Toy Shop" presentation included wooden soldiers, gypsy dancers, and a jack-in-the-box, each of which had its own special role—marching, dancing, and popping. "Full of spirit" would surely be the words for the juniors' play, for the "spirit" was so strong it literally had to be bottled. Cheerleaders tapped out their school spirit on tin cans while annual, newspaper, student council, Beta, and class representatives expressed their pep and enthusiasm in different scenes. Tuesday also was the big day for freshmen. Their class song sounded over heads, down halls, and around corners. A champagne and olive green beanie was worn perched on almost every ninth grader's head.

Wednesday belonged to the juniors. Most members of the junior class wore their colors of navy blue and gray. While beanies of junior colors bounced down the halls with the girls, the junior class song echoed behind them.

Subfreshman day hit high on Thursday, with dark and light blue beanies and their class song sung

(to the tune of "Downtown" no less!), topped off with the subfreshman skit. In the play, the major problem seemed to be finding the secret formula which would change the Pekingese dogs who had been turned into monsters back to dogs. After all problems were solved, the subfreshman class joined in its class song. The sophomore skit demonstrated leadership, talent and the future of the class. Cheerleaders sounded their own kind of spirit, while bathing suit contestants expressed their spirit, prancing across the stage. In the Potential Scene, activities of various sophomore girls in the year 1978 were revealed. They included a race car driver, millionaire, ballerina, big game hunter, and secret agent (much to the surprise of the faculty).

School Spirit Week concluded with School Spirit Day on Friday. Most of the Lasseter students were seen dressed in our school colors of red and black, while teachers urged the student body to acquire a Lasseter decal. All in all, Lasseter School Spirit Week was a great success. The enthusiastic student body hopes it will become an annual event.

Kitty Pertsch, one of the three talented Lasseter artists who will show their work in the first "Young Artists 1966" exhibit, displays one of her oil paintings.

## LAССETER ARTISTS EXHIBIT WORK IN SHOW

## Music Department Entertains Civitans

On Friday, March 4th, four members of the band and eight members of the chorus presented a program for members of the Civitan Club at the Dempsey Hotel.

Miss Henry, Miss Harrell, and Mrs. Wilson were at the luncheon when the twelve Lasseter girls arrived. After a short speech by Miss Henry, Miss Harrell introduced the members of the clarinet quartet. They were Diane Moricle, first clarinet; Susan Brown, second clarinet; Margie Barker, alto clarinet; and Tanya Baker, bass clarinet. The pieces played were *Light and Lively* and *Pop Goes The Woodwinds*, a musical joke.

Mrs. Wilson then introduced the members of the chorus ensemble. They sang *On The Street Where You Live*, *Climb Every Mountain*, and *Let's Fall In Love*. The people singing in the ensemble were Sandra DeLoach, Janice Brown, Janice Brantley, Jackie Martin, Mary Williams, Jonnie Davis, Angiolina Gatie, and Debra Lockeby. Judy Jenkins was the accompanist.

This program was repeated at the Parent's Club meeting on March 15th.

## Lasseter Observes Nat'l Library Week

National Library Week this year was observed April 17-23. The local head of this project was Mrs. Abbott Frank.

During this week signs and posters were erected to stimulate good reading habits and promote greater public use of our libraries.

Here at Lasseter we have been recently allotted \$5000 for use in our library. Our average now stands at 1.6 books per pupil, and this sum will aid in reaching the county standard of 6 books for each student. With this addition Lasseter certainly upholds the theme of National Library Week: "Keep Georgia Growing Through Reading."

## Shrubbery Is Purchased With Candy Sale Money

During the week of February 28 through March 4, the girls at Lasseter gained 1417 1/2 pounds! That is, 1417 1/2 pounds of candy.

The Lasseter students sold chocolate mints, at 50 cents a box, to raise money for shrubbery and pictures and plants for the hall. This started out to be a contest—which class could sell all their candy first? As it turned out, each class completed its sales on the same day, with the Juniors coming in slightly ahead.

We are now able to see the results of our efforts as shrubbery is being planted.
